

Prayer List: Wed Dec 19th 2018

We pray for Wayne and Ramona Drury as they transition through rebuilding their home. Please surround them with peace and guide them as they make each decision ahead of them.

Pray for all of our special Christmas/New Year services and for the carolers going out tonight and for the Joy Teams delivering cookies on Christmas Eve to those who have to work on that evening.

We keep Mike and Brenda Sass in prayer as they deal with continuing health issues.

Pray for Tierney Green as she deals with health concerns.

Pray also for Jackie McBride as she heals from her recent surgery.

Please pray for Kylie Kuylk and her parents Jill and Nick and her sisters Gabby and Molly. Kylie went back into ICU late Monday night as a result of her disorder and we pray she will not need to return to Baltimore for the Holidays. Please heal her and guide her doctors so she can return home to her family.

Please pray for the grandson of Dr. Steve and Glenda Dillman (former District Superintendent) who is a newborn in the hospital in Virginia with serious health concerns.

Mike Shumake and his wife Tanya have requested prayer for adjustment to setbacks they have recently gone through.

Prayer requests from Pastor Connie: a friend, Patrick with cancer, a niece's stepson, Chris, who is missing and not contacting his family.

Dana Young's mother who is in pain and will be having surgery on December 27th.

Please pray for each and every soul surrounding us that is suffering with depression and anxiety during the holidays. Lord, please protect their hearts and surround them with your Love and Grace.

Please guide us as a church family as we make decisions on how to expand your kingdom and also the best ways to serve our community. We ask that you bless our financial decisions and lead us to opportunities where we can be of help and support.

Please pray for our families here at church and the general life stress each one is dealing with. We pray that you will stand by each one and add blessings where they may be needed. Help those who are in search of housing secure a place to be. Help those who are facing income loss and bless them as they go through uncertain times. Please give us good hearts for listening and knowing the needs of our church family and those around us so we know the best ways to serve them.

We pray for our active ministries and those that serve in them. Please bless each member of our ministries—each child, adult and senior that joins us each week through Sunday School, Morning Worship or a Small Group Study. We pray that our time together will enrich our minds, fill our spirits and soften our hearts as we return into the world and be a light that reflects your Word.
