

## PRAYER MEETING- FEBRUARY 6<sup>th</sup>, 2019

Dear Heavenly Father,

We first and foremost give thanks and praise to you for your guidance and grace that you give so freely to us and our congregation.

We praise you for the birthdays we get to celebrate with all of our church family, young and old. We realize how important each member's contribution is here and how you have so perfectly organized our efforts to bring forth each part of your plan. We give thanks for being a part of that plan.

We ask for your peace to surround each and every one of our church family and also those in the community surrounding us. Let our work be a joy unto you and we pray it will be an example to those around us as we share your light. Please bless each church community in our area as we are all working for a common goal and that is to serve you. Please help us all to work past any worldly behaviors or attitudes that may hinder that growth.

Within our church walls, we ask that you lift up the following individuals and families as they go through trying times or times of celebration, in your name.

We pray for Dana and Connie Young and for Dana's mother-Joyce- as she deals with yet another set of health issues. We pray for your will to be done and your hands to guide this situation and for peace and love to surround Dana and his family as they go through this together.

We also pray for Dana Young and Josh Ball as they travel with their mission team to Guatemala this week. Please grant them safe passage as they travel and bless the whole team with opportunities to bear witness to your love. May their travels be safe, their flight be smooth and their airplane snacks be plenty ☺

We celebrate the life of Jackie McBride who celebrated her 80<sup>th</sup> birthday with us this past Sunday. We praise you for her family who loves and supports her and for the amazing grace you gave to her after her fall last winter.

We continue to pray for Wayne and Ramona Drury as they follow through the steps of the aftermath of the house fire. We praise you for their trust in you, Lord, and for the example they have shown of how to handle a tragedy by placing our faith in You. They have been wonderful witnesses. Please continue to bless them through this journey as they get settled and resettled and deal with insurance companies. Please also grant them safe travel as they are on vacation enjoying family.

Please watch over Pastor Wayne and Carol as they leave for vacation this coming week. We pray they will have safe travels and also find a time of peace and relaxation and to enjoy time with Melissa, Duke and Adam.

We give praise for Connie who was named Women's Ministry Director for the District. She continues to grow and flourish and we are thankful for the blessings you bestow upon her and the people she will continue to reach.

Please continue to send peace to Patty Dillen and her family as they grieve the loss of her mother.

Please keep Phil and Deb Gilmore in your hands as they transition into their new home and new church family. Please bless Deb as she begins to work with the children there.

Please bless our upcoming fundraiser event this Saturday as we raise funds to help send our children to camp this summer. We give thanks for all of the hands involved to make the event happen, all of those who will prepare and cook and clean and for those performing to make the night special ☺

We ask for guidance and support of our ministries- that they will grow or develop in the way that best pleases you, Lord. We ask for your hand in the decisions we make within those ministries and for your blessings on those who organize and implement each step. We pray that any work we do will glorify you and bring hearts towards your light and love.

In Jesus Name We Pray,  
Amen
